**OPTOMETRIC CLINICAL SEMINARS**

Conducted as a series of discussions, lectures, demonstrations, and workshops by members of the residency faculty, staff, and invited guest speakers, this program is designed to present the essential core of optometric knowledge in a manner conducive to learning and retention. To achieve this objective, each of the sections of the course curriculum contains related aspects of basic and clinical science and is accompanied by a self-assessment procedure. The latter element enables the course participants to evaluate knowledge and problem-solving ability during the learning process.

As an educational program, the Optometric Clinical Seminars serve primarily as an adjunct to optometric residency training.

All SCCO-affiliated Residents are invited to attend the Seminars. Written approval must be received from the Chief, Optometry Department (West Los Angeles) and Chief of the respective facility's optometry program.

The program runs four hours (1 - 5 PM) unless otherwise specified.

**Faculty:**

David C. Bright, O.D.	Teresa Lim, O.D.
Pauline F. Ilsen, O.D.	Harue Marsden, O.D.
Steven Ferrucci, O.D.	Judy Tong, O.D.
Krista Martin, O.D.	Jane Weinreb, M.D.
Chang Kim, O.D.	John May, O.D.

**Classes will be held at:**

SVAMC: Sepulveda VA Medical Center Eye Clinic  
Bldg 200, 3<sup>rd</sup> Floor  
16111 Plummer St. • Sepulveda, CA 91343

WLAVAMC: West Los Angeles VA  
Medical Center Optometry Clinic  
Bldg. 304  
11301 Wilshire Blvd. • Los Angeles, CA 90073
